Whatever you call them, these page turning, can't-put-them-down books will keep you up all night reading to find out what happens next. You just might not be able to close your eyes...or turn out the light!

- ***The 5th Wave* series—Rick Yancey.** Cassie, a survivor of an alien invasion, must rescue her young brother from the enemy with help from a boy who may be one of *them*.
- ***Alive*—Scott Sigler.** A group of teenagers wake up in a mysterious corridor with no knowledge of who they are or how they got trapped. Their only hope lies with a young woman who must lead them to survival.
- ***All Our Yesterdays*—Cristin Terrill.** Em travels back in time to prevent a catastrophic time machine from being invented, while Marina battles to prevent the murder of the boy she loves.
- ***An Ember In The Ashes*—Sabrina Tahir.** Laia is a Scholar living under the iron-fisted rule of the Martial Empire. When her brother is arrested for treason, Laia goes undercover as a slave at the empire's greatest military academy in exchange for assistance from rebel Scholars who claim that they will help to save her brother from execution
- ***Aquifer*—Jonathan Friesen.** In 2250, water is scarce, and the Council controls everything. Luca descends underground to negotiate with the Rats who harvest the world's fresh water. Luca discovers secrets, lies, and mysteries that cause him to reevaluate who he is and the world he serves.
- ***Archetype* by M. D. Waters.** Emma wakes in a hospital, with no memory of what came before. Her husband, Declan, a powerful, seductive man, provides her with new memories, but her dreams contradict his stories, showing her a past life she can't believe possible: memories of war, of a camp where girls are trained to be wives, of love for another man. Something inside her tells her not to speak of this, but she does not know why. She only knows she is at war with herself. Suppressing those dreams during daylight hours, Emma lets Declan mold her into a happily married woman and begins to fall in love with him. But the day Noah stands before her, the line between her reality and dreams shatters. In a future where women are a rare commodity, Emma fights for freedom but is held captive by the love of two men—one her husband, the other her worst enemy. If only she could remember which is which.
- ***Article 5* series by Kristen Simmons.** The Bill of Rights has been revoked. There are no more police—instead, there are soldiers. People who get arrested usually don't come back. Ember knows how to get food stamps and how to pass searches by the military. Her life is as close to peaceful as circumstances allow. That is until...
- ***Ash Trilogy*—Mike Mullin:** After the eruption of the Yellowstone supervolcano destroys much of the Midwest, Alex searches for his family and fights to survive in a devastated landscape and a new society where civilized rules have vanished.
- ***Books of Eva Book One: Relic* by Heather Tyrell.** Eva unleashes an unspeakable Relic while searching wastelands for artifacts of the civilization that existed before The Healing drowned the world.
- ***Breathe* series by Sarah Crossan.** The world has no air. Ever since the Switch, when the oxygen levels

plummeted and most of humanity died, the survivors have been protected in a glass dome full of manufactured air. If you want to live, you pay to breathe. But what if you can't pay? Alina is a revolutionary who believes the Resistance can save the environment. Quinn is a Premium who's never had to worry about having enough air. His best friend, Bea, is an Auxiliary who's never worried about anything *but* having enough air. When all three cross paths everything they believe will be shattered.

- ***Brimstone Bleed*** series by Victoria Scott. Tella becomes a Contender in the Brimstone Bleed, an epic race across jungle, desert, sea and mountain. She hopes to win the Cure for her brother. But all Contenders are after the Cure for someone they love and there is no guarantee that she will win or even survive.
- ***Bubble World***—Carol Snow. Freesia lives on a hidden island. She has everything a girl could want. If her life seems too good to be true, well, there's a reason for that. When a blackout lands her in an unbeautiful place, reality hits. Reality, in her opinion, is hugely overrated.
- ***Burning Sky***—Sherry Thomas. Iolanthe discovers her power as a mage when she and a deposed prince to lead a rebellion against a tyrant
- ***Clone series by Nancy Farmers***. In a future where humans despise clones, Matt enjoys special status as the young clone of El Patrão, the 142-year-old leader of a corrupt drug empire.
- ***Coldest Girl in Coldtown***—Holly Black: Tana lives in a world where walled cities called Coldtowns exist. In them, quarantined monsters and humans mingle in a bloody mix of predator and prey. The only problem is, once you pass through Coldtown's gates, you can never leave. One morning, after a perfectly ordinary party, Tana wakes up surrounded by corpses. The only other survivors of this massacre are her exasperatingly endearing ex-boyfriend, infected and on the edge, and a mysterious boy burdened with a terrible secret. Shaken and determined, Tana enters a race against the clock to save the three of them the only way she knows how: by going straight to the wicked, opulent heart of Coldtown itself.
- ***The Color of Madeleine Trilogy***—Jaclyn Moriarty. Madeleine and her mother have run away from their former life in our world. Elliot is searching for his father in the Kingdom of Cello. They exchange messages across worlds as dangerous weather phenomena called "color storms" occur on both sides of the gap.
- ***Compound series S. A. Bodeen***. Eli and his family have lived in the underground Compound for six years. The world they knew is gone, and they've become accustomed to their new life. Accustomed, but not happy. No amount of luxury can stifle the dull routine of living in the same place, with only his two sisters, only his father and mother, doing the same thing day after day after day. As problems with their carefully planned existence threaten to destroy their sanctuary—and their sanity—Eli can't help but wonder if he'd rather take his chances outside. Eli's father built the Compound to keep them safe. But are they safe—really?
- ***Court of Fives***—Kate Elliott. Jessamy must rely on her friendship with a high-ranking Patron boy and her skill at the athletic competition Fives to save her father's reputation and protect her Commoner mother and mixed-race sisters.
